PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience in MERN Stack development, REST API integration, Flutter, Firebase, and Machine Learning applications. Winner of Smart India Hackathon 2025 with expertise in building scalable web and mobile applications. Passionate about clean code, problem-solving, and creating efficient end-to-end software solutions.

TECHNICAL SKILLS

Programming Languages	Python, JavaScript, Java, C, C#
Frontend Technologies	HTML5, CSS3, React.js, React Native, Bootstrap, flutter
Backend Technologies	Node.js, Express.js, REST APIs
Databases	MongoDB, MySQL, Firebase
Cloud & Tools	AWS (Basics), Docker, Git, GitHub, Jenkins, Postman
Core Concepts	CRUD Operations, Authentication, API Integration, Machine Learning
Soft Skills	Problem Solving, Teamwork, Communication, Leadership

PROJECTS

Vehicle Service Management System MERN Stack

- Developed a full-stack web application for vehicle service booking and tracking.
- Designed MongoDB database schema and implemented RESTful APIs.
- Enabled real-time service status updates and customer management features.
- Built responsive frontend interfaces using React.js.

AI-Powered Crop Yield Prediction App Flutter, Firebase, Machine Learning

- Developed a mobile application for crop yield prediction using Flutter and Firebase.
- Integrated machine learning models for intelligent crop prediction analysis.
- Implemented Firebase Authentication and real-time database integration.
- Designed responsive and user-friendly mobile application interfaces.

Samy Trends – Online Clothing Store React.js, Firebase, Firestore

- Developed a full-stack e-commerce web application for managing clothing products.
- Built responsive product listings, product detail pages, and modern shopping interfaces.
- Integrated Firebase Firestore for real-time database handling and hosting deployment.
- Implemented complete UI development, backend integration, and responsive optimization.

Food Delivery Management System Flutter, Firebase

- Developed a mobile-based food delivery management system with real-time order tracking.
- Managed employee, client, order, and inventory modules using Firebase.
- Implemented responsive mobile UI with live synchronization and stock management.

- Maintained customer profiles, delivery lifecycle tracking, and attendance management.

MobileCare – Mobile Shop and Service Web App

HTML, CSS, JavaScript, Firebase

- Built a responsive web application for mobile product and repair service management.
- Developed customer-friendly navigation with booking-oriented workflows.
- Implemented organized product categories, service descriptions, and responsive UI.
- Deployed the live application with scalable architecture for future enhancements.

WORK EXPERIENCE

Python Full Stack Developer Intern

ThirvuSoft Private Limited, Coimbatore

- Developed ERP-based web application modules using Python and REST APIs.
- Designed and implemented backend functionalities for business workflows.
- Assisted in frontend development and integrated APIs with UI components.
- Worked on database integration and optimized data handling processes.
- Gained hands-on experience in ERP systems, workflows, and business logic.

EDUCATION

Master of Computer Applications (MCA)

2024 – 2026

Kongu Engineering College, Erode

CGPA: 7.81

Bachelor of Computer Science (B.Sc.)

2021 – 2024

Kongu Engineering College, Erode

CGPA: 7.01

Higher Secondary Certificate (HSC)

2021

SVN Matric Higher Secondary School, Erode

Percentage: 74.84%

Secondary School Leaving Certificate (SSLC)

2019

SVN Matric Higher Secondary School, Erode

Percentage: 65.6%

ACHIEVEMENTS

- **Winner – Smart India Hackathon 2025 (National Level)**
 - Led the team to secure 1st Place under Government of Odisha (Electronics & IT Department).
 - Won 1,50,000 cash prize for developing an innovative software solution.
- **1st Place – Top Coders Event**
 - Recognized for exceptional coding, analytical, and problem-solving skills.
